

# Christy Hoffman

**Christy Hoffman**, corporate attorney turned stay at home mom, generously donates her time to Dog Star Rescue and Foodshare. Christy has been a part of the Dog Star team since June 2015 after witnessing an event at Petco where she met playful dogs and spoke with the generous volunteers. In that moment, she decided this was something she wanted to be a part of. "Dog Star is a fantastic organization of people who are incredibly dedicated to their purpose. It is truly a beautiful thing, and I am always struck by just how much and how hard this fantastic group works."

Responsible for writing rescue dog biographies, she takes the time to get to know the rescues so she can properly capture their personalities and unique stories. She also compiles profile sheets that are displayed at each event. "There is such a need for volunteers. So many of these sweet dogs need people to be their advocates; to be their voice. Every little bit truly makes a difference," Christy noted. Her most memorable, heart string pulling moments are when the rescues get adopted. "Those moments remind me that there truly is a home for each and every dog. We just need to give them a little help getting there."
